

Our escort was so gracious and kind. He answered all our questions and relieved any anxiety or concerns that we had.

The Red Helmet Ride was awesome - truly touching.

The Candlelight Service was very touching.

I was overwhelmed by the number of firefighters that were there. I wish I could thank all of them, and taking time away from their own families.

The red shirt volunteers (survivors of fallen firefighters) were great. We found a lot of people that we could talk to that could understand and relate to our experience.

It was a beautiful weekend and one I will cherish for the rest of my life.

We had a great time, but I laid my heart out at the Memorial Service and I feel at peace.

Thank you for the opportunity for my children to
meet other children going through the same thing.

*I hesitated about going to the
small groups, but this was the best
part - just to be with others who
know what it's like.*

*Walking through the Sea of Blue was so emotional.
What an honor and tribute to our son.*

*The bagpipes were great. My husband loved that
music, so that was special to me.*

men that
for coming
families.

weekend,
ish
life.

funeral here at home,
my husband to rest during
al Service in Emmitsburg,
that his spirit remains
the Memorial.

*The release
of the doves
is a memory to
last my lifetime.*
